Interventions in Consultation-Liaison Psychiatry and Psychosomatic Medicine

30 June - 2 July, 2011
BUDAPEST, HUNGARY
Dear Colleagues and Friends,

On behalf of the Board of the European Association for Consultation-Liaison Psychiatry and Psychosomatics (EACLPP) as well as the Scientific and Local Organizing Committees, we would like to welcome you at the XIVth Annual Scientific Meeting of the EACLPP in Budapest, Hungary.

As you likely know, Budapest, the beautiful capital of Hungary, is situated in the heart of Europe. We hope that our meeting will give a unique opportunity to meet colleagues from all over Europe and other continents and to exchange exciting new ideas. Our meeting will focus on interventions in consultation-liaison psychiatry and psychosomatic medicine. We are looking forward to learn about various experiences and ideas concerning the development and testing of psychological, psychotherapeutic and pharmacological interventions as well as services in consultation-liaison psychiatry and psychosomatic medicine. We want to find effective and appropriate approaches to help our patients facing physical and mental health challenges, and also, to help their families and caregivers. We also wish to address current learning, educational and research developments in our field.

Budapest is well known for its bridges - and symbolically, one of the aims of the meeting organizers is to build bridges across cultures, countries and specialties/disciplines. We are pleased that you join us for enjoying an exciting and stimulating scientific program, lively discussions, friendly company, fantastic music, good food and beautiful wines! Enjoy the conference and your stay in Budapest!

*For visitors from Eastern European Countries, students and residents

Registration fee includes
- Access to all congress sessions (except pre-congress courses)
- Final programme
- Abstracts in Journal of Psychosomatic Research, Abstract CD
- Wine & Cheese Party on 30 June, 2011
- Coffee and tea (during breaks)
- Lunch on 1 July, 2011

Daily ticket includes
- Access to all congress sessions on that day (except pre-congress courses)
- Final Programme
- Coffee and tea on that day (during breaks)

Accompanying fee includes
- Wine & Cheese Party on 30 June, 2011
- Lunch on 1 July, 2011
- Sightseeing tour in Budapest
Cancellation Policy of Registration
All the cancellations and changes must be sent to the Congress Organiser (CongressLine Ltd.) in written form. All refunds will be processed after the EACLPP 2011 Meeting. Please send your exact bank account details in the written cancellation.

Refund of the registration fee will be made as follows:
100% refund (minus an administrative fee of 50 Euro) – in case of cancellation, received before 30 May, 2011.
No refund - in case of cancellation, received after 30 May, 2011.

Official Meeting Hotels
Ramada Budapest ****
Address: 1094 Budapest, Tompa u. 30-34.

Hotel Sissi***
Address: 1094 Budapest, Angyal u. 33.

Hotel City Inn ***
Address: 1082 Budapest, Futó u. 55.

Hotel Thomas **
Address: 1094 Budapest, Liliom u. 44.

Hotel Swing City ***
Address: 1094 Budapest, Ferenc körút 19-21.

Hotel Rila Budapest***
Address: 1097 Budapest, Fehér Holló utca 2.

Social Programme & Tours
Evening Gala Cruise
Friday, 1 July, 2011, 20.00-22.00
Price: 65 Euro / person (minimum number of participants: 70 persons)
Evening sightseeing-tour on the river Danube. Welcome-drink and a light dinner will be served on the boat. During the meal a Hungarian jazz band plays evergreens. The boat is cruising from Margaret bridge to the National Theatre and the Palace of Arts, and you can enjoy the fascinating sight of Budapest by night.
Departure: at 20.00 from Petőfi tér (Elisabeth bridge – port 9.)

The Jewish Sights of Budapest
Thursday, 30 June, 11.00-14.00
Price: 30 Euro / person (minimum number of participants: 15 persons)
A three-hour-long walking tour in the world’s second largest synagogue and its surrounding including an inside visit of the synagogue complex (Jewish Museum, ghetto and the historical area of World War II). The synagogue and the nearby Jewish quarter have a very rich history. By the end of the 18th century the Jewish people were allowed to leave the Buda side of the city and they create this area known as the Jewish quarter of Budapest on the Pest side. Walking tour, English-speaking guide, entrance fees and refreshment included.
Departure: at 11.00 from Semmelweis University, Centre of Theoretical Medicine (meeting venue)

Sightseeing Tour in Budapest
Friday, 1 July, 09.00-13.00
Price: 25 Euro / person (minimum number of participants: 15 persons)
Including in the accompanying person fee. An approximately 4-hour-long sightseeing tour, which shows the most attractive features of the capital. The participants can take the opportunity also to visit the impressive Hungarian House of Parliament where the Coronation Regalia can be seen or the Hungarian State Opera House. Transportation by bus, with English-speaking guide, refreshment and all entrance fees are included.
Departure: at 09.00 from Semmelweis University, Centre of Theoretical Medicine (meeting venue)

Budapest Art Tour
Saturday, 2 July, 09.30-13.00
Price: 30 Euro / person (minimum number of participants: 15 persons)
A half-day visit to the Hungarian National Gallery and the Museum of Fine Arts (Gallery of Old Masters: Spanish Collection, Renaissance and Venetian). Transportation by bus, English-speaking guide, entrance fees and refreshments are included.
Departure: at 09.30 from Semmelweis University, Centre of Theoretical Medicine (meeting venue)

Cancellation Policy of Social Programme and Tours
All the cancellations and changes must be sent to the Congress Organiser in written form. All refunds will be processed after the EACLPP 2011 Meeting. Please send your exact bank account details in the written cancellation.

Refund will be made as follows:
100% refund (minus an administrative fee of 10 Euro) in case of cancellation, received before 30 May, 2011. No refund after June 1, 2011.
General Information

Meeting Venue
All the sessions of the meeting will take place in the Semmelweis University, Centre of Theoretical Medicine
Address: 1094 Budapest, Tűzoltó street 37-47.

From the airport to the Semmelweis University, Centre of Theoretical Medicine or to the hotels use the Airport Minibus System, fixed rates for passengers:
One way: 2990 HUF = 12 Euro
Tel: +36 1 296 8555; www.airportshuttle.hu
or use the EACLPP 2011 Official Taxi Company: City Taxi +36 1 211 1111
(Airport transfer Rate: 5800 HUF = 25 Euro)

How to get to the Meeting Venue and to the Hotels from the City center?
Underground station: “Klinikák” station (M3 - blue line)
Budapest Public Transportation tickets (300 HUF = appr. 1,1 Euro/journey) will be available at the Registration Desk.

Official Language
English

Meals
During the breaks coffee and tea will be provided, Wine & cheese party on 30 June, Lunch on 1 July will be available (all included in the registration fee).

CME Credits
2011 EACLPP meeting was granted European CME Credits (EACCME) (UEMS). Since the Organisers still have not received the exact number of credits, each participant will receive the certificate of credits after the meeting by email.
Please contact the Registration Desk during the meeting and kindly check your email address before departure.

The credits are recognised by the American Medical Association (AMA) as contributing towards the Physicians’s Recognition Award (PRA). To convert EACCME credits to AMA PRA category 1 credit, contact the AMA.

Slides
Speakers are kindly requested to give their presentations to the technicians in the session rooms latest in the last break before their scheduled presentation time. Please note, that speakers can not use their own laptop for presentation.

Poster Exhibition
The poster sessions are scheduled as follows:
Poster Session I. 1 July, 2011 – 13.00-14.00  Ground floor
Poster Session II. 1 July, 2011 – 16.00-17.00  Ground floor + First floor
Poster set-up:  30 June: 18.00-20.00 or 1 July 8.00-12.00
Poster removal:  1 July:  17.00-18.30 !

Internet
Free wifi access in the Aula and on the first floor. Two Internet stations are available for meeting participants in the Aula during the meeting. No special code needed.

Nearest Restaurants
Restaurant Manuel
1094 Budapest Tűzoltó u. 78-80.
Tel: +36 1 785 4967, +36 30 599 7091

Interventions in Consultation-Liaison Psychiatry and Psychosomatic Medicine

Scientific programme

Thursday, 30 June, 2011

09.00-12.30  Pre-Conference Courses

Introduction to clinical epidemiology  Seminar room 1
(David Streiner)

Interpersonal psychotherapy in medical ill patients  Seminar room 2
(Paula Ravitz, Jon Hunter)

CALM therapy - brief psychotherapy at the end of life  Seminar room 3
(Gary Rodin)

Psychopharmacology in the medically ill  Seminar room 4
(James Levenson)

C-L psychiatry – the interface of psychiatry and somatic medicin  Seminar room 5
(Abner Diefenbacher, George Fulop, Ronald Burian)

EACLPP Board meetings
09.00-10.30  Board meeting  Seminar room 7
10.45-12.15  Extended board with the national representatives
12.30-14.00  Lunch break

14.00-14.30  Opening addresses  Szent-Györgyi room
Chair: Wolfgang Söllner, Marta Novak
Wolfgang Söllner, President of EACLPP
Maria S. Kopp, Deputy Director, Institute of Behavioural Sciences, Semmelweis University
Ferenc Túry, Director, Institute of Behavioural Sciences, Semmelweis University
Adrienne Stauder, President, Hans Selye Hungarian Society of Behavioural Sciences and Medicine
György Purebl, Vice-President, Hungarian Psychiatric Association

14.30-16.00  Plenary Session I.  Szent-Györgyi room
Chair: Wolfgang Söllner, Gary Rodin

Psychodynamic interventions in C-L psychiatry: a conceptual and scientific perspective
F. Stiefel
University Hospital CHUV, Psychiatry Service, Lausanne, Switzerland

Focused psychodynamic psychotherapy in liaison psychiatry: clinical experience and empirical research with patients suffering from medically unexplained symptoms
E. Guthrie
Manchester Royal Infirmary, Manchester, United Kingdom

Focused psychodynamic psychotherapy in C-L psychiatry and psychosomatics: clinical experience from an RCT with depressed breast cancer patients
M. Beutel1, R. Zwerenz1, B. Imruck1, Y. Barthel2, K. Leuteritz2, E. Brähler2
1University Medicine, Department of Psychosomatics and Psychotherapy, Mainz, Germany
2University Leipzig, Medical Psychology, Leipzig, Germany

16.00-16.30  Coffee Break

16.30-18.00  Parallel Sessions A (1-5)

1. C-L in primary care  Seminar Room 1-2
Chair: Ronald Burian, Ivo Natsoff

Attendance at a primary care clinic: pattern of use over time and related psychiatric morbidity
S. Ferrari1, A. Ascani1, M. Andreoli2, M. Peggii, M. Righetti1
1Modena and Reggio Emilia University, Department of Psychiatry, Modena, Italy
2Primary Care Clinic, Sassuolo District of Health, Florano, Modena, Italy

Somatication in general medical practice (incidence, clinical variants, gender distribution, and utilisation of medical services)
I. Natsoff1, G. Hranov2
1Specialised Outpatient Psychiatric Clinic, Adult Psychiatry, Cherven Bryag, Bulgaria
2University Hospital of Neurology and Psychiatry, 2nd Psychiatric Clinic, Sofia, Bulgaria

The role of GPs in preventing suicide – the most serious psychosomatic syndrome
Z. Rihmer
Semmelweis University, Budapest, Hungary

Frequent high-level burnout among general practitioners and residents
P. Torza1, S. Adam2, Zs. Gyorffy2, L. Kalabay2
1Semmelweis University, Department of Family Medicine, Budapest, Hungary
2Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary
2. Psychooncology  
Chair: Donna Greenberg, Sedat Özkan

Depression and negative life events as risk factors for cancer history
C. Degi, P. Balog, M. Kopp, J. Thayer, E. Cakai
1Babes-Bolyai University, Sociology and Social Work, Cluj Napoca, Romania
2Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary
3Ohio State University, Department of Psychology, Columbus, United States
4The University of Alabama, School of Social Work, Tuscaloosa, United States

Psychooncological interventions - what do cancer patients aged 60 years or older wish for?
G. Schneider, C. Schweer, S. Doering, J. Haier, G. Heuft, F. Fritz, M. Dugas
1University of Münster, Department of Psychosomatics and Psychotherapy, Münster, Germany
2Medical University of Vienna, Dept. of Psychoanalysis and Psychotherapy, Vienna, Austria
3University of Münster, Comprehensive Cancer Center Münster (CCCM), Münster, Germany
4University of Münster, Institute for Medical Informatics, Münster, Germany

Making the best use of current psychiatric concepts for the patient with breast cancer
D. Greenberg
Massachusetts General Hospital, Cancer Center, Boston, United States

Communication in oncology: preliminary results of a study assessing emotional regulation of the clinician, patient satisfaction and therapeutic alliance
M. De Vries, Y. De Roten, J. Passchier, J. Despland, F. Stiefel
1University Hospital CHUV, Department of Psychiatry, Lausanne, Switzerland
2Vrije Universiteit, Faculty of Psychology and Education, Amsterdam, The Netherlands

3. Organ transplantation I  
Chair: Sheila Jowsey, Istvan Mucsi

Anonymous living liver donors: a viable option to expand the donor pool?
S. Abbey, D. Grant, G. Levy
Toronto General Hospital, Toronto, Canada

Innovative strategies for improving quality of life post transplantation
S. Jowsey
Mayo Clinic, Dept of Psychiatry, Rochester, United States

MSPCACRHT 2011 – Multicenter study on the psychosocial assessment of candidates for reconstructive hand transplantation: presentation and discussion of the multicenter project design
1Innsbruck Medical University, Department of Medical Psychology, Innsbruck, Austria
2Mayo Graduate School of Medicine, Mayo Clinic, Psychiatry, Rochester, United States
3Innsbruck Medical University, Innsbruck, Austria
4Innsbruck Medical University, Department of Plastic and Reconstructive Surgery, Innsbruck, Austria
5Innsbruck Medical University, Department of Traumatology, Innsbruck, Austria

Facial transplantation: quantitative study of psychological outcomes at two-year post-transplantation
K. Coffman, M. Siemionow
1Cleveland Clinic, Department of Psychiatry, Cleveland, United States

4. Psychodynamic psychotherapy in C-L settings  
Chair: Manfred Beutel, Fritz Stiefel

Alexithymia in patients recently diagnosed with cancer
F. Stiefel, S. Krenz, V. Forni, C. Zdrojewski, N. Aymon, D. Stagno, F. Luthi, S. Leyvraz, I. Rousselle, G. Ludwig
University Hospital CHUV, Service of liaison psychiatry, Lausanne, Switzerland

Psychodynamic psychotherapy in newly diagnosed cancer patients: a randomized controlled trial
1University Hospital CHUV, Service of liaison psychiatry, Lausanne, Switzerland
2University Hospital CHUV, Oncology Service, Lausanne, Switzerland

How to understand patients’ symptoms and the scenic presentation of a consultation: interactive case discussion (one case different views)
M. Beutel, Silvia Krenz, Wolfgang Söllner, Fritz Stiefel
1Johannes Gutenberg-Universität, Klinik und Poliklinik für Psychosomatische Medizin, Mainz, Germany
2University Hospital CHUV, Service of liaison psychiatry, Lausanne, Switzerland
3Department of Psychosomatic Medicine and Psychotherapy, General Hospital Nuremberg, Germany

5. Psychopharmacology in C-L  
Chair: Ulrik Fredrik Malt, Istvan Bitter

The SAD triad: managing patients with somatic, anxiety, and depressive symptoms
K. Kroenke
Indiana University, Indianapolis, United States
Pharmacogenomic testing and clinical outcome in a tertiary care outpatient psychiatric consultation practice
J. Rundell
Mayo Clinic, Psychiatry and Psychology, Rochester, Minnesota, United States

Psychotropics and pregnancy
L. Gise
University of Hawaii, Psychiatry, Honolulu, United States

Lithium treatment during pregnancy and the postpartum period
U. Malt
Oslo University Hospital, Neuropsychiatry & Psychosomatic Medicine, Rikshospitalet Oslo, Norway

The ethics of clinical trials in psychiatry
M. Shuchman
Women’s College Hospital, Toronto, Canada

FRIDAY, 1 July, 2011

08.30-10.00    Plenary Session II.    Szent-Györgyi room
Chair: Peter Hindley, Marta Novak

Gender and health in a changing society: follow-up of the Hungarian epidemiological panel
M. Kopp1, K. László2, I. Janszky2
1Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary
2Karolinska Institutet, Public Health Sciences, Stockholm, Sweden

Facing the end: Psychotherapeutic Interventions in Advanced Cancer
G. Rodin
Princess Margaret Hospital, Toronto, Canada

10.00-10.30    Coffee Break

10.30-12.00    Parallel Sessions B (1-5)

1. Update on bodily distress syndrome/somatization I.    Békésy room
Chair: James Levenson, Francis Creed

Prospective, population-based study of somatic symptoms and health anxiety as predictors of outcomes
F. Creed1, B. Tomenson1, J. McBeth1, C. Chew-Graham2, G. Macfarlane2, I. Davies1, J. Jackson2, A. Littlewood1
1University of Manchester, ARC Epidemiology Unit, Manchester, United Kingdom
2University of Manchester, School of Community Based Medicine, Manchester, United Kingdom

From the somatoform disorders to the somatic symptom disorders: an update from the DSM 5 Work Group
J. Levenson
Virginia Commonwealth University School of Medicine, Richmond, United States

Predictors of somatoform disorders
N. Andersen1, L. Eplov2, J. Andersen3, C. Hjorthøj1, M. Birket-Smith1
1Copenhagen University Hospital, Consultation-Liaison Psychiatry Unit, Dept. of Psychiatry, Bispebjerg, Denmark
2Mental Health Center Ballerup, Psychiatric rehabilitation, Ballerup, Denmark
3Copenhagen University Hospital, Department of Clinical Pharmacology, Copenhagen, Denmark

16.30-18.00    Balint group
J. Major, F. Sztanó
Hungarian Michael Balint Psychosomatic Society, Budapest, Hungary

18.00-18.30    Wine and Cheese - welcome reception    Aula

18.30-20.30    EACLPP General Assembly (members only)    Békésy room

20.30-22.00    Early carrier social program (sign up during the day at registration desk)
Mindfulness therapy for bodily distress syndrome - a randomized controlled trial
L. Fjorback, A. Schröder, E. Ørnbøl, E. Rehfeld, M. Arendt, P. Fink
Aarhus University Hospital, Research Clinic for Functional Disorders and Psych, Aarhus, Denmark

2. Organ transplantation II. Beznák room
Chair: Marie Gutteny-Collas, Gabor Gazdag

Organ transplant: a challenge for the organisation of consultation-liaison psychiatry
M. Guitteny1, A. Sauvaget1, M. Volkaert1, D. Riochet1, A. Haloun1, J.P. Soulillou1, J.M. Vanelle1
1University Hospital of Nantes, Consultation-Liaison Psychiatry Unit, Nantes, France
University Hospital of Nantes, Department of Transplantation and Nephrology, Nantes, France
2University Hospital of Nantes, Department of Pneumology, Nantes, France

Psychiatric characteristics of lung transplant patients
A. Heldal
Oslo University Hospital, Neuropsychiatry & Psychosomatic Medicine, Oslo, Norway

Impact of psychological symptoms and somatic status on quality of life in bone-marrow transplanted patients
G. Gazdag1, H. Janicsák2
1Szent István and László Hospital, Consultation-Liaison Psychiatric Service, Budapest, Hungary
Jahn Ferenc Hospital, 1st Department of Psychiatry and Psychiatric Rehab, Budapest, Hungary

Heart-transplantation: prevalence of psychiatric comorbidity and predicting adherence to therapy after HTx- preliminary results of a prospective longitudinal study
F. Vitinius1, A. Reklat1, J. Müller-Ehmann2, T. Wahlers3, T. Wittwer3, C. Albus4
1University Hospital of Cologne, Department of Psychosomatics and Psychotherapy, Cologne, Germany
2University Hospital of Cologne, Department of Cardiology, Cologne, Germany
3University Hospital of Cologne, Department of Thorax and Heart Surgery, Cologne, Germany

Sleep disorders, quality of life and clinical outcomes in patients after kidney transplantation
I. Mucsi1
1Royal Victoria Hospital, McGill University Health Centre, Division of Nephrology, Montreal, Canada
Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary

3. Neuropsychiatry I. Hevesy room
Chair: Albert Leentjens, Jan Wiersma

Neuropsychiatry in brain dysfunction: the additive value of a new model from fundamental research on cognitive flexibility in pharmacological strategies treating behavioral phenomena
J. Wiersma1, I. Tendolkar2, R. Cools3
1Radboud University Nijmegen Medical Centre, Department of Psychiatry, Nijmegen, The Netherlands
2Donders Institute of Brain, Cognition and Behaviour, Nijmegen, The Netherlands

Depression in the elderly and risk for dementia
P. Gracia-Garcia1, C. De-La-Cámara2, J. Santabárbara3, J. Roy4, A. Campayo5, R. López-Antón6, M. Quintanilla7, A. Barrera7, C. Marco7, A. Lobo7
1Hospital Clínico Universitario Zaragoza, Dept of Psychiatry, Zaragoza, Spain
2Hospital Clínico Universitario Zaragoza, CIBERSAM, Zaragoza, Spain
3Mental Health Center Alcañiz, Psychiatry, Alcañiz (Teruel), Spain

Mood and motivational syndromes in Parkinson's disease: an update
A. Leentjens
Maastricht University Medical Centre, Psychiatry, Maastricht, The Netherlands

Pivotal screening questions for sleep disorders: proposed sleep medicine curriculum for consultation-liaison psychiatry trainees
L. Krahn
Mayo Clinic Arizona, Psychiatry and Psychology, Scottsdale, United States

4. Depression in medically ill patients Seminar room 1-2
Chair: Gerhard Schüssler, Antonio Lobo

Depression and complexity in medically ill patients
M. Navio1, E. Lobo2, T. Ventura2, A. Quintana1, L. Sanchez1, M. Riaza1, R. Quinto1, M. Marin1, M. Jimenez-Arriero2, A. Lobo2
1Hospital 12 de Octubre, Department of Psychiatry, Madrid, Spain
2Hospital Clínico Universitario Zaragoza, Department of Psychiatry, Zaragoza, Spain
3Miguel Servet University Hospital, Department of Psychiatry, Zaragoza, Spain

Using modern psychometric methods to harmonize patient-reported outcome measures
M. Rose1, I. Wahl1, J. Björner2, F. Fischer1, B.F. Klap1, B. Löwe1
1University Medical Center Hamburg-Eppendorf, Department of Psychosomatic Medicine and Psychotherapy, Hamburg, Germany
2National Institute of Occupational Health, Copenhagen, Denmark
3Charité University Medical Center, Psychosomatic Medicine and Psychotherapy, Berlin, Germany
Interventions in Consultation-Liaison Psychiatry and Psychosomatic Medicine

Depression in patients with chronic renal disease
M. Novak
Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary
University Health Network, Toronto, Canada

A systematic review of the Hospital Anxiety and Depression Scale: one, two, three or four factors?
T. Cosco, F. Doyle, M. Ward, H. McGee
Royal College of Surgeons in Ireland, Psychology, Dublin, Ireland

5. “What every consultant needs to know…” Hári room
Chair: Adrienne Stauder, Carsten Leue

Sexual medicine - the new approach to sexual disorders
J. Vizi
National Psychiatric Center, Budapest, Hungary

Mindfulness based stress reduction: what every consultant needs to know
S. Abbey
Toronto General Hospital, Toronto, Canada

The benefits of stress management interventions in the treatment of functional symptoms
A. Stauder, Z. Cserháti
Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary

Gender-related stress reactivity and vulnerability to major psychiatric disorders
S. Ouakinin, M.L. Figueira
Faculty of Medicine, Department of Psychiatry and Medical Psychology, Lisbon, Portugal

12.00-13.00 Lunch break
“Meet the Expert” Sessions/Special Interest Groups

13.00-14.00 Intermed Research Session Seminar room 1

13.00-14.00 Poster Session I. – with poster tour

Healthcare and training I. Ground floor
Chair: Monika Keller, Gabor Gazdag

1. Collaborative role education in postgraduate psychiatric training
F. Alosaimi
King Saud University, Dept of Psychiatry, Riyadh, Saudi Arabia

2. E-learning: a key to continuous formation in distance for non psychiatry physicians who work in general hospitals
M. González1, M. Mejía1, S. Hernandez1, J. Calderón1, J. Poblete1, J. Pinedo1
1Pontificia Universidad Católica de Chile, Facultad de Medicina, Dpto. Psiquiatría, Santiago de Chile, Chile
2Pontificia Universidad Católica de Chile, Facultad de Medicina, Unidad Educación, Santiago de Chile, Chile

3. Identifying key areas to improve quality in psychiatric consultation-liaison (C-L) services
B. Laner, C. Staufer, J. Giesinger, R. Gross, C. Kohl, P. Malik, B. Holzner, B. Sperner
Innsbruck Medical University, Dept of Psychiatry, Innsbruck, Austria

4. Changes in consultation-liaison psychiatry service delivery over ten years: a comparison between years 2002 and 2010
C. Barbagallo, R. Ciano, S. Zuanon, M. Meduri, J. Pellizzari, P. Perozzi, F. Taboga, E. Mattiussi, M. Ragogna, M. Balestrieri
University of Udine, Psychiatry, Udine, Italy

5. How can human talent management in a C-L psychology department improve psychosocial care?
G. Van Hamme, J. De Bie
Ziekenhuis Oost Limburg, Department of Psychology, Genk, Belgium

6. How can consultation-liaison psychiatry contribute in the management of a patient with psychotic personality disorder in a general hospital?
M. Volkaert, A. Sauvaget, M. Guitteny, J.M. Vanelle
University Hospital of Nantes, Consultation-Liaison Psychiatry Unit, Nantes, France

7. Improving the quality of psychological care of somatic patients - the importance of teamwork
M. Csabai1, K. Barabás2
1University of Szeged, Institute of Psychology, Szeged, Hungary
2University of Szeged, Institute of Behavioural Sciences, Szeged, Hungary

8. Implementation of a multi-disciplinary liaison psychiatric team (MLPT) in a university hospital: a new development of consultation-liaison psychiatry in Belgium
University Hospital Gent, C-L Psychiatry Unit, Dept. of Psychiatry, Gent, Belgium

9. What are the link between consultation-liaison in psychiatry and addictology?
M. Paradis1,2, E. Rouveix1,2, K. Berkane1, C. Dupont2, S. Consoli1,2
1Ambroise Pare Hospital, Addictology Unit, Boulogne, France
2European Georges Pompidou Hospital, CL-Psychiatry Unit, Paris, France
3Ambroise Pare Hospital, Department of Internal Medicine, Boulogne, France
4Paris Ouest University of Medicine, Paris, France
5Paris Descartes University of Medicine, Paris, France
10. Consultation-liaison psychiatry: trend evaluation in the first two years of activity in a general hospital
G. De Giorgio, M. Piselli, T. Sciarma, M. Giulietti, A. Piazzoli, L. Scarponi, R. Quartesan
University of Perugia, Clinical and Experimental Medicine, Section of Psychiatry, Clinical Psychology and Psychiatric Rehabilitation, Perugia, Italy

11. Stepped care for common psychiatric disorders in Bologna Local Health Unit
A. Piazza1, M. Menchetti2, S. Mimmi3, M. Monari1, C. Neri1, E. Zanacchin1, I. Tarricone2, I. Donegani1, D. Berardi2
1AUSL Bologna, Mental Health Department, Bologna, Italy
2University of Bologna, Mental Health Department, Bologna, Italy
3University of Bologna, Department of Medicine and Public Health, Bologna, Italy

12. The fight of the C-L psychiatrist against the loss of somatic chance of the mentally ill
S. Consoli1,2, M. Bernard1,2, C. Lemogne1,2
1European Georges Pompidou Hospital, Consultation-Liaison Psychiatry Unit, Paris, France
2Paris Descartes University of Medicine, Paris, France

13. Conversion disorders in primary care attendees referred to a Psychiatric Consultation-Liaison Service
C. Indrio, M. Menchetti, L. Lia, C. Claudia, I. Del Gobbo, D. Berardi
University of Bologna, Institute of Psychiatry, Bologna, Italy

14. Competences and expectations of nurses confronted with psychiatric comorbidity
T. De Keyser, R. Van Damme, K. Dobbelaere, S. Orins, C. Van Heeringen, G. Lemmens
University Hospital Gent, Consultation-Liaison Psychiatry Unit, Gent, Belgium

15. Burnout syndrome in health workers: physiological and psychological correlates
J.C. Fernández-Sanchez1, M.I. Peralta-Ramirezn1, A.N. Santos-Ruiz2
1“San Rafael” Hospital, Granada, Spain
2University of Granada, Granada, Spain

Transplantation and psychooncology I.

Ground floor

16. “I don’t know how you are” or indirect questioning in oncology interviews: an ongoing exploratory study
C. Bourquin, F. Stiefel, A. Berney, P. Singy
University Hospital CHUV, Service of Liaison Psychiatry, Lausanne, Switzerland

17. The psychosocial assessment of candidates for reconstructive hand transplantation: general psychological considerations and presentation of the Innsbruck Psychological Screening Program for Reconstructive Transplantation (IRT-PSP)
M. Kumming1, S. Schneeberger1, T. Haut2, T. Engelhardt2, A. Weissenbacher1, G. Pfeifer2, M. Ninkovic1, M. Gabi1, J. Pratschke1, G. Rumpold1
1Innsbruck Medical University, Department of Medical Psychology, Innsbruck, Austria
2Innsbruck Medical University, Department of Plastic and Reconstructive Surgery, Innsbruck, Austria

18. The alexithymic patient in oncology: a review of the literature
M. De Vries, V. Forni, R. Voellinger, F. Stiefel
University Hospital CHUV, Department of Psychiatry, Lausanne, Switzerland

19. Psychiatric intervention for hospitalized patients in a Portuguese cancer center
A. Ribeiro1, C. Vale1, Z. Pires1, R. Mateiro2, L. Monteiro1
1Portuguese Institute of Oncology, Psychiatry Service, Lisbon, Portugal
2Lisbon Psychiatry Hospital Centre, Lisbon, Portugal

20. Psychosocial interventions to improve quality of life, depression and anxiety in lung transplant patients - a systematic review of randomized controlled trials
F. Vitinius, K. Plontec, C. Albus
University Hospital of Cologne, Department of Psychosomatics and Psychotherapy, Cologne, Germany

21. Psychogenic Movement Disorders – a systematic review
F. Vitinius, G. Hoffmann, C. Albus
University Hospital of Cologne, Department of Psychosomatics and Psychotherapy, Cologne, Germany

22. Psychosomatic medicine and liver transplantation (LTx) – a systematic review on the efficacy of psychosocial intervention studies on quality of life and mental disorders after LTx
F. Vitinius, J. Huppenbauer, C. Albus
University Hospital of Cologne, Department of Psychosomatics and Psychotherapy, Cologne, Germany

23. Psychotherapeutic and psychiatric interventions after bone marrow/stem cell transplantation – a systematic review
F. Vitinius, S. Bassou, C. Albus
University Hospital of Cologne, Department of Psychosomatics and Psychotherapy, Cologne, Germany
25. The effect of renal transplant patients’ anxiety, depression, and representations of illness on the healing process
M. Látos1,2, K. Barabás1, Gy. Lázár1, E. Szederkényi1, M. Csabai3, P. Szenohradszky1, F. Marótfia2
1University of Szeged, Institute of Behavioral Sciences, Szeged, Hungary
2University of Szeged, Surgery Department, Szeged, Hungary
3University of Szeged, Institute of Psychology, Szeged, Hungary

26. Relationship between quality of life in bone-marrow transplanted patients with current state of haematological disease and social characteristics
H. Janicsák1, G. Gazdag2
1Jahn Ferenc Hospital, 1st Department of Psychiatry and Psychiatric Rehab, Budapest, Hungary
2Szent István and László Hospital, Consultation-Liaison Psychiatric Service, Budapest, Hungary

27. Development of a web-based distress monitoring in cancer patients including computer-adaptive assessments (WEB-CAT)
M. Sztankay1, G. Kammler1, J. Giesinger1, E.M. Gamper1, A. Oberguggenberger1, A. Zabernigg1, G. Rumpold1, B. Holzner1
1Innsbruck Medical University, Department of Psychiatry and Psychotherapy, Innsbruck, Austria
2Kufstein County Hospital, Department of Internal Medicine, Kufstein, Austria

28. Clinical inertia in responding to patient reported symptoms during cancer treatment
K. Mooney
University of Utah, College of Nursing, Salt Lake City, United States

29. My heart is like ________: conceptualizations of the heart & adjustment to heart transplantation
University Health Network, Toronto, Canada

Psychology and measurement

Ground floor

30. Latent structure analysis of the Hospital Anxiety and Depression Scale using Mokken scaling
T. Cosco, F. Doyle, M. Ward, H. McGee
Royal College of Surgeons in Ireland, Psychology, Dublin, Ireland

31. Influence of mood type on the perception of facial expressions
O.K. Jo, S. Koo, M. Lee, M.H. Hyun
Chung-Ang University, Department of Psychology, Seoul, South Korea

32. Difference in perception of injustice, negative emotion, and rumination between retributive justice and restorative justice
J. Shin, M.H. Hyun
Chung-Ang University, Department of Psychology, Seoul, South Korea

33. Validation of a neuropsychological battery in a sample of patients with chronic fatigue syndrome
P. Santamarina-Pérez1, F. Eiroa-Orosa2, A. Rodríguez3, C. Jacas3, J. Alegre2, G. Parramón-Puig1
1Hospital Clínic, Child and Adolescent Psychiatry, Barcelona, Spain
2Hospital Universitari Vall d’Hebron, Department of Psychiatry, Barcelona, Spain
3Hospital Universitari Vall d’Hebron, Department of Internal Medicine, Barcelona, Spain

34. Depression and self-awareness of impairment in a group of adults with sight loss
H. Serra, R. Oliveira, I. Leal
High Institute of Applied Psychology, Psychology and Health Research Unit, Lisbon, Portugal

35. Dyadic Coping, Quality of Life, and Psychological Distress among COPD Patients and their Partners
J. Jenewein1, C. Meier1, H. Moergeli1, G. Bodenmann2
1University Hospital Zurich, Department of Psychiatry and Psychotherapy, Zurich, Switzerland
2University of Zurich, Department of Psychology, Zurich, Switzerland

36. Psychodynamic interpretations in psychosomatic disorders – clinical research
S. Trifu
Hospital for Psychiatry, Adult Psychiatry, Bucharest, Romania

37. Development of a Portuguese version of Levels of Emotional Awareness Scale (LEAS)
M. Torrado, S. Ouakinin
Faculty of Medicine, Medical Psychology, Lisbon, Portugal

M. Torrado, S. Ouakinin
Faculty of Medicine, Medical Psychology, Lisbon, Portugal

39. Emotion regulation and temperamental traits in teenage girls with major depression and comorbid eating disorder
R. Dochnal, K. Kapornai, Sz. Papp, A. Vetro
University of Szeged, Medical Faculty, Child and Adolescent Psychiatry, Szeged, Hungary

40. Sibling positions and coping mechanism in adult males and females
Zs. Hammer-Kozéki
ELTE-PPK Budapest, Faculty of Psychology and Education, Budapest, Hungary
41. Cognitive functioning, emotional processing, mood and personality variables before and after stereotactic surgery: a study of eight cases with chronic neurogenic pain
R. Pirrotta¹, D. Jeanmonod², S. McAleese³, K. Opwis⁴, J. Jenewein⁵, C. Martin-Soech⁶
¹University Hospital Zurich, Department of Psychiatry, Zurich, Switzerland
²University Hospital Zurich, Zurich, Switzerland
³Hoffmann-La Roche, Basel, Switzerland
⁴University of Basel, Department of Psychology, Basel, Switzerland

42. Cognitive impairment in Chilean patients with Systemic Lupus Erythematosus (SLE) is not related to depression
J. Caideron¹, M. Gonzalez¹, P. Flores¹, C. Henriquez¹, M. Babul¹, O. Padilla⁵, A. Slachevsky⁶, L. Massardo⁷
¹Pontificia Universidad Católica de Chile, Psychiatry, Santiago de Chile, Chile
²Pontificia Universidad Católica de Chile, Biostatistics, Santiago de Chile, Chile
³Hospital Salvador, Cognitive Neurology Unit, Santiago de Chile, Chile

43. Consultation-liaison psychiatry for the assessment of suicidal risk following deep brain stimulation of the subthalamic nucleus in Parkinson's disease: the PPSAQ
A. Sauvaget¹, M. Guitteny-Collas¹, M. Volkaert¹, T. Rouaudº, S. Françoisº, S. Raoulº, J.P. N’Guyenº, P. Derkinderenº, P. Damierº, J.M. Vanelle¹
¹University Hospital of Nantes, Consultation-Liaison Psychiatry Unit, Nantes, France
²University Hospital of Nantes, Department of Neurology, Nantes, France
³University Hospital of Nantes, Department of Neurosurgery, Neurosurgical Clinic, Nantes, France

44. Corticosteroid-induced hypomanic episodes observed in consultation-liaison psychiatry: which are the predictive factors?
M. Guitteny-Collas¹, M. Berramdane¹, M. Volkaert¹, A. Ricoux¹, M. Hamidou¹, J.M. Vanelle¹, A. Sauvaget¹
¹University Hospital of Nantes, Consultation-Liaison Psychiatry Unit, Nantes, France
²University Hospital of Nantes, Department of Internal Medicine, Nantes, France

45. Venlafaxine – induced acute eosinophilic pneumonia
E. Tsagkaropoulou¹, A. Filippopoulou¹, D. Chatzilia³, E. Rizos¹, C. Christodoulou¹, S. Loukides², S. Papiris³, L. Lykouras¹
¹Attikon General Hospital, 2nd Department of Psychiatry, Athens, Greece
²Attikon General Hospital, 2nd Department of Pulmonary Medicine, Athens, Greece

46. Olanzapine use in delirium due to general medical conditions: a case report
M. Gulec, E. Aydin, I. Kirpinar
Atatürk University School of Medicine, Department of Psychiatry, Erzurum, Turkey

47. The characteristics of delirium cases consulted in a university hospital in Turkey
I. Kirpinar, E. Aydin
Atatürk University School of Medicine, Department of Psychiatry, Erzurum, Turkey

48. Delirium in dementia and its importance for consultation-liaison psychiatry in a general hospital
T. Kratz, G. Andargie, R. Burian, A. Diefenbacher
Evangelisches Krankenhaus, Department of Psychiatry, Psychotherapy and Psychosomatics, Berlin, Germany

49. MCI and depression: neuropsychological pattern and risk of conversion to Alzheimer disease
M. Signorelli, A. Ulio, C. Concerto, A. Geraci, G. Minuto, E. Aguglia, M. Marino, E. Arcidiacono
University of Catania, Psychiatry, Catania, Italy

50. Non-pharmacologic treatment of clozapine associated sialorrhea
P. Bazemore¹, Gy. Bokor²
¹University of Massachusetts Medical School, Medicine & Psychiatry, Boston, United States
²Harvard Medical School, Psychiatry, Boston, United States

51. Treatment of depressive disorder in patient with multiple sclerosis: case report
S. Uzun¹, ², O. Kozumplik³, ⁴, M. Jakovljevic²,³
¹Psychiatric Hospital Vrapce, University Department, Zagreb, Croatia
²Clinical Hospital Center Zagreb, University Department, Zagreb, Croatia
³Zagreb University School of Medicine, Department of Psychiatry, Zagreb, Croatia
⁴University of Applied Health Studies, Department of Psychiatry, Zagreb, Croatia

52. A descriptive study of a refractory epilepsy sample with psychotic symptoms in an Outpatient Epilepsy Unit
A. Rodriguez-Urrutia¹, M. Carreño², A. Donaire², E. Bailleès³, C. Montiel³, G. Parramon³, L. Pintor³
¹Hospital Universitari Vall d’Hebron, C-L Psychiatry Unit, Department of Psychiatry, Barcelona, Spain
²Hospital Clinic, Department of Neurology, Barcelona, Spain
³Hospital Clinic, C-L Psychiatry Unit, Department of Psychiatry, Barcelona, Spain

53. Oxidative stress assessment in case of posttraumatic stress disorder in a contingent of international operations
V. Voicehovska¹, G. Ancare¹, T. Ivančenková¹, J. Micans¹, A. Skesters¹, N. Vaičads¹, J. Voicehovska¹
¹Riga Stradins University, Psychosomatic Medicine & Psychotherapy Department, Riga, Latvia
²Riga Stradins University, Biochemical laboratory, Riga, Latvia
³Riga Stradins University, Internal Diseases Department, Riga, Latvia
⁴National Armed Forces, Medical Support Centre, Riga, Latvia

Stress and sleep I.
54. The impact of obstructive sleep apnea syndrome severity on patients’ quality of life
K. Karkoulias1, D. Lykouras1, T. Hyphantis1, K. Karavazoglou1, P. Drakatos1, F. Sampsonas1, K. Spiroupolos1, K. Assimakopoulos2
1University Hospital of Patras, Pneumonology, Patras, Greece
2University of Ioannina, Psychiatry, Ioannina, Greece
3University Hospital of Patras, Psychiatry, Patras, Greece

55. The migration process as a stress factor in immigrant pregnant women
F. Pérez-García1, M.I. Peralta-Ramirez2, I. García-García1
1University of Granada, Department of Nursing, Science of Health School, Granada, Spain
2University of Granada, Department of Clinical Psychology, Granada, Spain

56. Stress response differences between systemic lupus erythematosus patients and healthy controls
A.M. Santos-Ruiz1, C. Fernández2, M.I. Peralta-Ramirez1, M.C. García-Rios2, N. Navarrete-Navarrete3, J.L. Callejas4, A. Blazquez-Ortiz4
1University of Granada, Personality, Assessment and Psychological Treatment, Granada, Spain
2University of Granada, Faculty of Health Sciences, Granada, Spain
3Hospital, Unit of Autoimmunity Disease, Granada, Spain
4Hospital, Granada, Spain

57. Family rituals and family coping in transitions between life cycles
M. Viszket
ELTE-PPK, Budapest, Hungary

58. Stress-related symptoms but not work-related stress decreased after workplace stress management interventions
Z. Cserhati, S. Adam, A. Stauder, B. Korkoly-Thege, G. Purebl, P. Balog, J. Pilling, A. Szekely, M. Kopp
Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary

59. The influence of acute physical and chronic mental stress on platelet bioactivity
University Hospital Innsbruck, Department of Psychiatry and Psychotherapy, Innsbruck, Austria

60. Sleep and lunar phases
Cs. Turanyi1, A. Szentkirályi1, M. Czira1, A. Duna1, R. Zoller1, J. Szocs1, O. Veber1, M. Molnar1,2, M. Novak1,3, I. Mucsi3
1Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary
2Harold Simmons Center for Chronic Disease Research, Los Angeles Biomedical Research Institute at Harbor-UCLA Medical Center, Torrance, United States
3University of Toronto, Department of Psychiatry, Toronto, Canada

61. The amount of deep sleep is inversely related to daytime systolic blood pressure in patients with chronic kidney disease
A. Szentkirályi1, M. Molnar1,2, M. Czira1, A. Duna1, R. Zoller1, A. Kelemen1, A. Lazar1, I. Mucsi1,3, M. Novak1,4
1Semmelweis University, Institute of Behavioural Sciences, Budapest, Hungary
2Harold Simmons Center for Chronic Disease Research, Los Angeles Biomedical Research Institute at Harbor-UCLA Medical Center, Torrance, United States
3McGill University Health Centre, Department of Medicine, Division of Nephrology, Montreal, Canada
4University of Toronto, Department of Psychiatry, Toronto, Canada

62. The predictor factors of burnout in Isfahan nurses
A. Salahian, H. Oreizi
University of Isfahan, Psychology, Isfahan, Iran

62/a Vagus Nerve Stimulation in Depression: Good for Mood and Bad for Sleep?
D.A. Schmid1,4, A. Turk2, F. Zahn3, M.E. Keck1, A. Ropohl2
1Clenia Schlössli AG, Oetwil am See
2Zürcher Höhenklinik Wald, Fälttberg-Wald
3Sanatorium Kilchberg, Kilchberg
4University Hospital, Psychosomatic Department, Basel

14.00-15.30 Parallel Sessions C (1-5)

1. Update on bodily distress syndrome/somatization II. Hevesy room
Chair: Per Fink, Peter White

The PACE trial: results of a large trial of non-pharmacological treatments for chronic fatigue syndrome
P. White1, T. Chalder2, M. Sharpe3
1Queen Mary University London, Psychological Medicine, London, United Kingdom
2Kings College London, Psychological Medicine, London, United Kingdom
3University of Edinburgh, Psychological Medicine, Edinburgh, United Kingdom

Distressing bodily symptoms and outcomes in brief psychodynamic-interpersonal psychotherapy for patients with pain dominant multisomatoform disorder
H. Sattel, A. Kittner, P. Henningsen
Technical University Munich, Psychosomatic Medicine and Psychotherapy, Munich, Germany

Patients with high bio-psycho-social complexity at an emergency room and recommendations regarding psychosocial care needs
C. Fazekas1, F. Matzer1, A. Lueger2
1Medical University Graz, Department of Medical Psychology and Psychotherapy, Graz, Austria
2Medical University Graz, Department of Internal Medicine, Graz, Austria
Prevalence and Comorbidities of Somatoform Disorders in a Rural California Outpatient Psychiatric Clinic in the US-Mexico Border
B. Ng
Sun Valley Behavioral Med Centre, Imperial, United States

2. Psychosomatic aspects of coronary artery disease I. Békésy room
Chair: Maria Kopp, Karina Davidson, Kristina Orth-Gomer

Are there worthwhile treatments for patients with major depressive disorder and coronary artery disease?
F. Al-osaimi1, B. Baker2
1King Saud University, Psychiatry, Riyadh, Saudi Arabia
2University of Toronto, Psychiatry, Toronto, Canada

Coronary Psychosocial Evaluation Studies (COPES) Randomized Controlled Trial --Long term Depression and prognosis results
K. Davidson1, N. Rieckmann2, I. Kronish3, J. Schwartz4, M. Burg5
1Columbia University, Medicine & Psychiatry, New York, United States
2Charité University Medical Center, Medicine & Psychiatry, Berlin, Germany
3Mount Sinai School of Medicine, Medicine, New York, United States

Implementation of antidepressant treatment depressed myocardial infarction patients: impact on 7-year cardiac outcomes
University Medical Center Groningen, Interdisc. Center for Psych. Epidemiology, Groningen, The Netherlands

Stress reduction in women with coronary disease may prolong life
K. Orth-Gomér1, N. Schneiderman2, H. Deter3
1Karolinska Institutet, Neuroscience, Stockholm, Sweden
2University of Miami, Behavioral Medicine, Miami, United States
3Charité University Medical Center, 4th Department of Internal Medicine, Berlin, Germany

3. Neuropsychiatry II. Seminar room 1-2
Chair: Antonio Bulbena, Alexandre Berney

Personality profile of Non Epileptic Seizures is in accordance to the cognitive-behavioural therapy model
E. Ballees, L. Pintor
Hospital Clinic, Neuroscience, Barcelona, Spain

Stanford Chronic Pain Self-Management Programme (CPSMP): effects on pain catastrophizing, functional limitations, and benefit finding
M. Mehlsen1, L. Frosth glo1, L. Dunkerley2, P. Fink1
1Aarhus University Hospital, Aarhus, Denmark
2The Danish Committee for Health Education, Copenhagen, Denmark

Quality of life and quality of pain in Croatian Homeland war veterans who suffer from post-traumatic stress disorder and chronic pain
M. Bras, L. Brajkovic, V. Djordjevic
Clinical Hospital Center Zagreb, Department of Medical Psychology, Zagreb, Croatia

New treatment opportunities for patients suffering from the aftermath of traumatic brain injury
J. Martens, P. Frima, M. Piépers
BAVO Europoort, Neuropsychiatry / TBI, Rotterdam, The Netherlands

4. Quality control in C-L Hári room
Chair: Albert Leentjens, Paul Gill

Accreditation of C-L services: the PLAN initiative
P. Gill
The Longley Centre, Department of Liaison Psychiatry, Sheffield, United Kingdom

Routine outcome measures and quality in consultation-liaison psychiatry
G. Ranjith
St. Thomas Hospital, Liaison Psychiatry, London, United Kingdom

Quality instruments in CL psychiatry: special context and challenges
C. Hagest- de Bruin
MC Haaglanden, C-L Psychiatry Unit, Department of Psychiatry, The Hague, The Netherlands

5. Psychological aspects of adjustment to illness Beznák room
Chair: Paula Ravitz, Barbara Stein

Measuring Adult Attachment - a 25 year review
P. Ravitz, R. Maunder, W. Lancee, J. Hunter, B. Shankslya
University of Toronto, Department of Psychiatry, Toronto, Canada

Attachment status, emotional experience and therapeutic alliance in patients presenting with burnout syndrome
J. Behringer1, W. Stollner2, G. Spangler2
1General Hospital of Nuremberg, Psychosomatic Medicine and Psychotherapy, Nuremberg, Germany
2University of Erlangen- Nuremberg, Institute of Psychology, Erlangen, Germany

Words about body and soul – lay understanding of causes of health and ill-health
P. Åsbring
Karolinska Institutet, Public Health Sciences, Stockholm, Sweden
A diabetes education group for women living with Type 2 diabetes mellitus and symptoms of depression or anxiety

C. Racco1, M. Gupta1, C. Classen2, R. Duchen1, V. McCalla1, N. Donovan1, G. MacNeill1

1Women’s College Hospital, Psychiatry, Toronto, Canada
2Women’s Health in Women’s Hands, Toronto, Canada

14.00-15.30  Missed opportunities and successful multidisciplinary follow-ups in Psychodermatology (Satellite Symposium of the European Society for Dermatology and Psychiatry, ESDaP)

Chair: Silla Consoli, Lucia Tomas-Aragones

Dermatological patients usually refuse to go to psychologists and psychiatrists. How to manage this?

M. Garcia-Bustinduy, P. Contreras-Ferrer, N. Merino de Paz
University Hospital of the Canary Island, Department of Dermatology and Allergology, La Laguna, Spain

Multidisciplinary approach in Psychodermatology: Case reports

L. Tomas-Aragones1,2, S. Marron-Moya1,2
1Alcañiz Hospital, Department of Dermatology and Allergology, Alcañiz (Teruel), Spain
2Aragon Health Sciences Institute, Zaragoza, Spain

The referral of dermatologic patients to the psychiatrist: from the expected expertise to an unexpected change of the symptoms.

S. Consoli1,2
1European Georges Pompidou Hospital, C-L Psychiatry, Paris, France

The general practitioner: facilitating the way of the soma to the psyche and then to the psychotherapist

P. Jaury
Paris Descartes University of Medicine, Paris, France

15.30-16.00 Coffee Break

16.00-17.00  Poster Session II. – with poster tour

Culture, gender, children, elderly I.

Chair: Gudrun Schneider, Peter Hindley

63. Neurocardiogenic syncope syndrome and depressive symptomatology in children: a 2-year prospective study

T. Hyphantis1, A.E. Pappas1, A. Vlahos1, T. Kolettis2
1University of Ioannina, Consultation-Liaison Psychiatry Unit, Ioannina, Greece
2University of Ioannina, Department of Child Health, Ioannina, Greece

64. Developmental trajectories and risk mechanisms of functional somatic symptoms in childhood: the 11-year follow-up of the Copenhagen Child Cohort 2000 (CCC 2000)

C. Raas1,2, C. Eberhardt1, A. Murikholm2, K. Jeppesen1, N. Micali3, E. Olsen4, H. Elberling5, E. Fink1
1Aarhus University Hospital, Research Clinic for Functional Disorders and Psychosomatics, Aarhus, Denmark
2Aarhus University Hospital, Child and Adolescent Psychiatric Center, Risskov, Denmark
3Copenhagen University Hospital, Center for Child and Adolescent Psychiatry, Glostrup, Denmark
4University of Copenhagen, Faculty of Health Sciences, Copenhagen, Denmark
5King’s College, Institute of Psychiatry, London, United Kingdom

65. Are there gender differences in coping with neck pain following acute whiplash trauma? A 12-month follow-up study

T. Carstensen1, L. Frostholm2, E. Ørnbøl2, A. Kongsted2, H. Kasch3, T. Jensen4, E. Fink1
1Aarhus University Hospital, Research Clinic for Functional Disorders and Psychosomatics, Aarhus, Denmark
2Odense University Hospital, Nordic Institute of Chiropractic and Clinical Biom, Ringe, Denmark
3Aarhus University Hospital, Department of Neurology, Aarhus, Denmark
4Aarhus University Hospital, Danish Pain Research Center, Aarhus, Denmark

66. Beliefs about depression among British Pakistani women

A. Tabassum, N. Husain, W. Waheed, N. Chaudhry
University of Manchester, Community Based Medicine, Manchester, United Kingdom

67. Can postpartum depression be differentiated from non-postpartum depression? A systematic review

I. Fosseth1, U. Malt1
1Telemark Central Hospital, Adult Psychiatry, Skien, Norway
2Oso University Hospital, Neuropsychiatry & Psychosomatic Medicine, Rikshospitalet Oslo, Norway

68. Risk factors of depression and psychosis during pregnancy and after delivery: preliminary data

M. Marino, E. Arcidiacono, C. Concerto, M. Signorelli, S. Mendolia, G. Minutolo, E. Aguglia
University of Catania, C-L Psychiatry, Catania, Italy
69. Effects of a cultural-sensitive pain management program for Turkish women in a day hospital for pain patients
W. Koller, S. Venkat, W. Söllner
General Hospital, Psychosomatic Medicine and Psychotherapy, Nuremberg, Germany

70. Somatic symptoms in depressed British Pakistanis: further results from a cluster RCT.
N. Hussain, A. Bradley, A. Syed, N. Chaudry, A. Bokhari
University of Manchester, Psychiatry Department, Manchester, United Kingdom

71. Comparison between hwa-byung and major depressive disorder
J.W. Kim, S.Y. Jung, H.U. Suh
Institute of Neuroscience, Psychosomatic Medicine and Psychotherapy, Seoul, South Korea

72. Feasibility of assessing quality of life in over-80 patients undergoing cardio-surgery
S. Ferrari1, G. Pontoni1, D. Gabbieri2, D. Gambetti2, I. Ghidoni2, M. Rigatelli1
1Modena and Reggio Emilia University, Department of Psychiatry, Modena, Italy
2Hesperia Hospital, Cardiosurgery Department, Modena, Italy

73. Selective optimization with compensation in Hungarian elderly: a cross-sectional study
B. Kaszás, I. Tiringer, J. Kállai
Pécs University, Department of Behavioural Sciences, Pécs, Hungary

74. Psychological distress and gender in patients undergoing chemotherapy
G. Cardoso1,2, J. Graça2, C. Klut2, A. Luengo2, M. Martins2, A. Neto2, J. Ramos2, J. Ribeiro2, B. Trancas2, C. Vieira2
1New University of Lisbon, Mental Health Department, Lisbon, Portugal
2Hospital Fernando Fonseca, Department of Psychiatry, Amadora, Portugal

75. Grief reaction after intrauterine death: the influence of medical explanations and subsequent pregnancy on the grief of women and men after perinatal loss
E. Pernthaler, M. Scheier, A. Lampe
Innsbruck Medical University, Department of Medical Psychology, Innsbruck, Austria

Epidemiology, Obesity, Diabetes
First floor
Chair: David Streiner, Istvan Mucsi

67. Data regarding the psychical health state of the Romanian population
Z. Abram1, L. Domokos2, I. Gasparin3, H. Finta1, V. Nadasan1, Zs. Szasz2, Gy. Tar1
1Univ. Medicine and Pharmacy, Department of Public Health, Targu Mures, Romania
2Univ. Medicine and Pharmacy, Department of Psychiatry, Targu Mures, Romania
3Univ. Medicine and Pharmacy, Department of Occupational Medicine, Targu Mures, Romania

77. An epidemiological study of the hospitalizations in somatic wards for mental health reasons
M. Volkaert, A. Sauvaget, M. Guittery, J.M. Vanelle
University Hospital of Nantes, Consultation-Liaison Psychiatry Unit, Nantes, France

78. Sociodemographic and mental health description of an obese population candidate for bariatric surgery
Clinica Alemana - Universidad del Desarrollo, Adult Psychiatry, Santiago de Chile, Chile

79. Family history of obesity and its relationship with “obesogenic” behaviours
Clinica Alemana - Universidad del Desarrollo, Adult Psychiatry, Santiago de Chile, Chile

80. The effect of intragastric balloon on female obese patients' weight, psychological function and quality of life: a prospective study
K. Karavazoglou1, E. Katsakoulis2, C. Triantos2, K. Assimakopoulos1, G. Theocharis2, M. Louvros2, D. Kolovou2, G. Iconomou2, T. Hyphantis2, V. Nikolopoulou2
1University Hospital of Patras, Psychiatry, Patras, Greece
2University Hospital of Patras, Gastroenterology, Patras, Greece
3University of Ioannina, Psychiatry, Ioannina, Greece

81. Depression in diabetic patients type 2: racial and ethnical differences
Z. Karbassi1, A.K. Abu Bakar2, S. Thuranrajasingam1, J. Selvadurai1
1Monash University Sunway Campus, School of Clinical Medicine & Health Sciences, Johor Bahru, Malaysia
2Permai Medical Hospital, Department Head, Johor Bahru, Malaysia

82. Comorbid depression and diabetes: an observational study
D. Cannavò, F. Battaglia, G. Minutolo, S. Mendolia, E. Arcidiacono, E. Aguglia
University of Catania, C-L Psychiatry, Catania, Italy

83. Economic recession in Italy: a review of short-term effects on health
G. Mattei, S. Ferrari, M. Rigatelli
University Medicine, Psychiatry Department, Modena, Italy

84. Psychiatric morbidity in a general hospital in Nepal
N. Lamichhane, D. Thapa
Gandaki Medical College, Neuropsychiatry, Pokhara, Nepal

85. Pilot Study of a group of overweight women affected by organic pathology and depression
P. Tempia1, M. Ruggieri1, A. Rispoli2, E. Lazzarotto3, S. Casalone2, L. Fogato1, Mf. Mosca2, G. Genta3, Mt. Guido2
1ASL Bi, Direzione Medica, Biella, Italy
2Fondo Edo Tempia, Oncology, Biella, Italy
3Fondo Edo Tempia, Oncology, Biella, Italy
86. Childhood physical abuse among men: a nation-wide representative survey
I. Sándor, Zs. Győrffy, Cs. Csoboth, M. Kopp
Semmelweis University, Department of Behavioural Medicine, Budapest, Hungary

87. An evaluation of consultee satisfaction inspired by quality control and audit: What do consultees think of the psychiatric consultations delivered by the C-L psychiatry service in an academic hospital?
A. Boenink, A. Schade
Vrije Universiteit, C-L Psychiatry, Amsterdam, The Netherlands

88. The Patient-Reported Outcomes Measurement Information System (PROMIS): translation of the item banks for depression and anxiety into German
I. Wahl, B. Löwe, M. Rose
University Medical Center Hamburg-Eppendorf, Department of Psychosomatic Medicine and Psychotherapy, Hamburg, Germany

89. General practitioners’ satisfaction with the implementation of a C-L psychiatry service in ULSM, Portugal
F. Silva1,2, R. Ferreira1, F. Ferreira1
1Hospital de Magalhães Lemos, Oporto, Portugal
2Faculdade de Medicina Universidade Porto, Oporto, Portugal

90. Family health program: an experience of the mental health in the primary care in Brazil
N.H.L.P. Silva, C. Cardoso
University of Sao Paulo, Psychology, Sao Paulo, Brazil

91. Is QOL a useful indicator for clinical research?
P. Tempia1, R. Rosato2, G. Ciccone2, E. Lazzarotto1, E. Viana1, L. Guerretta1, M. Clerico1
1ASL Bi, Oncology Service, Biella, Italy
2Università Degli Studi, Statistica Medica, Turin, Italy

92. An original survey measuring the efficiency of the ‘HuMania’ peer-led professional training programme among medical students
Zs. Almasi, I. Karacsony, K. Hagedöös, B. Konkoly-Thege, Á. Becső, E. Rosta, Sz. Fésűs, F. Türj
Semmelweis University, Department of Behavioural Sciences, Budapest, Hungary

93. Mental disorders at patients with the diabetic foot syndrome and their correction
O. Isachenkova
Research Institute of Traumatology and Orthopedics, Department of Purulent Ossteology, Nizhni Novgorod, Russia

94. Study of prevalence and suicide risk factors in HIV patients: preliminary results
R. Cejas Méndez1, R. Souto Pérez1, M. Salinas Muñoz1, M. Izquiero Hernández1, P.M. Rodríguez Fortuñez1, M.I. Hernández Hernández2, J.L. Gómez Sirvent3, D. Latorre Rodríguez4, A. Jiménez Sosa1, M.P. De La Cruz Badía5
1University Hospital of the Canary Island, Department of Psychiatry, La Laguna, Spain
2University Hospital of the Canary Island, Department of Infectious Diseases, La Laguna, Spain
3University Hospital of Orense, Department of Psychology, La Laguna, Spain
4University Hospital of the Canary Island, Rafael Clavijo Foundation for Biomedical Research, La Laguna, Spain

95. Compliance in dermatology – the need for broadening information services and professional support
Cs. Szabó1, L. Kemény1, M. Csabai1
1University of Szeged, Department of Dermatology and Allergology, Szeged, Hungary

96. Assessment of hostility in chronic prostatitis patients
K. Tournikioti1, G. Christodoulou1, G. Gourgoulis2, S. Tsiodras2, P. Panagopoulos2, G. Petrikkos2, L. Lykouras1
1Attikion University Hospital, 2nd Department of Psychiatry, Athens, Greece
2Attikion University Hospital, 4th Department of Internal Medicine, Athens, Greece

97. A pilot study on mood disorders in Chronic Obstructive Pulmonary Disease (COPD)
K. Nauta, A. Boenink, N. Batelaan
Vrije Universiteit, Department of Psychiatry, Amsterdam, The Netherlands

98. Modeling predictors of health related quality of life after acute coronary events – a follow-up investigation of patients treated in residential cardiac rehabilitation
I. Tiringer1, A. Simon2, G. Veress2, J. Kallai2
1Pécs University, Institute of Behavioral Sciences, Pécs, Hungary
2State Hospital for Cardiology, Balatonfüred, Hungary
99. Reduction of peripapillary retinal nerve fiber layer thickness in schizophrenic patients
M.A. Quintanilla1, C. De La Cámara1, L. Gutiérrez2, P. Sanz1, B. Granados1, L. Cabezón2, A. Lobo1, F.J. Ascaso2
1Hospital Clínico Universitario Zaragoza, Department of Psychiatry, Zaragoza, Spain
2Hospital Clínico Universitario Zaragoza, Ophthalmology, Zaragoza, Spain

100. A frequent link between bipolar clinical pictures and thyreoid disorders – an overview through the eyes of the practitioner and the psychotherapist
A. Becsey1, I. Boros1, I. Sajti2
1University of Szeged, Medical Faculty, 2nd Department of Psychiatry, Szeged, Hungary
2University of Szeged, Medical Faculty, Department of Internal Medicine, Szeged, Hungary

101. Type A behaviour, type D personality and depressive states in patients undergoing cardiac rehabilitation
S. Gostoli1, C. Rafanelli1, R. Roncuzzi2
1University of Bologna, Department of Psychology, Bologna, Italy
2Bellaria Hospital, Department of Cardiology, Bologna, Italy

102. Psychosocial and psychosomatic correlates in patients with different levels of treated hypertension
C. Rafanelli1, S. Gostoli1, R. Roncuzzi2
1University of Bologna, Department of Psychology, Bologna, Italy
2Bellaria Hospital, Department of Cardiology, Bologna, Italy

103. Radiotherapy could induce maniac symptoms?
A. Valencia, C. Rodríguez, C. Iglesias
Unidad Psiquiatria de Enlace Hospital Puerta de Hierro, Madrid, Spain

104. Self-efficiency and optimism as factors mediating perceived quality of life in COPD
O. Popa-Velea, I. Popp
University of Medicine and Pharmacy, Bucharest, Romania

Somatization/Medically Unexplained Symptoms

105. The relationship of health anxiety and somatic symptoms with healthcare use
B. Tomenson, F. Creed
University of Manchester, Psychiatry Research Group, Manchester, United Kingdom

106. Evidence of brain dysfunction in fibromyalgia and somatization disorder with proton magnetic resonance spectroscopy: a controlled study
N. Fayed1, J. García-Campayo2, E. Andrés2, S. Moreno2
1Clínica Quirón, Neuroradiology, Zaragoza, Spain
2Miguel Servet University Hospital, Psychiatry, Zaragoza, Spain

107. Determinants of unexplained chest pain: preliminary data
R. Ciano1, C. Barbagallo1, F. Taboga1, F. Canazol1, M. Ragognà1, M. Meduri1, M. De Pieri1, R. Stronjavacca2, F. Gangi2, M. Balestrieri2
1University of Udine, Psychiatry, Udine, Italy
2Santa Maria della Misericordia Hospital, Psychology, Udine, Italy
3ASS 4 Medio Friuli, general practitioner, Udine, Italy

108. Psychosomatic complaints in Asperger’s syndrome
G. Bokor, P. Anderson
Harvard Medical School, Psychiatry, Boston, United States

109. Do temperament and defense styles characterize migraine patients?
S. Sharkh, N. Verdolini, G. De Giorgio, C. Onofri, J. Dennis, C. Firenze, P. Moretti, R. Quartesan
University of Perugia, Clinical and Experimental Medicine, Section of Psychiatry, Perugia, Italy

110. The role of antidepressant in patients affected by major depressive disorder in comorbidity with fibromyalgia
C. Amato, S. Mendolia, M. Marino, C. Concerto, E. Aguglia
University of Catania, C-L Psychiatry, Catania, Italy

111. Acceptance and Commitment Group Therapy for Health Anxiety. Results from a pilot study
L. Frostholt, T. Ellenberg, E. Oearmbol, P. Fink
Aarhus University Hospital, Research Clinic for Functional Disorders and Psychosomatics, Aarhus, Denmark

112. Somatic symptoms and migration history in migrants attending Bologna West Community Mental Health Centre
M. Braca, M. Marsaglia, M. De Gregorio, S. Panigada, G. Carchia, E. Mencacci, S. Minni, M. Nolet, I. Tarricone, D. Berardi
University of Bologna, Institute of Psychiatry, Bologna, Italy

Psychotherapy and psychoeducation

113. Depressed patients’ capacity to mentalize during the course of inpatient psychotherapy
M. Langenbach1, J. Schütte1, A. Kümmel1, S. Fleck1, R. Mieler2
1St. Marien Hospital Bonn, Psychosomatics & Psychotherapy, Bonn, Germany
2University of Cologne, Department of Neurosciences and Rehabilitation, Cologne, Germany

114. Psycho-education and connective massage in treatment of fibromyalgia: a preliminary study
R. Ciano1, C. Barbagallo1, E. Di Poñí1, N. Scalici2, G. Cardella1, M. Ragognà1, S. Zuanon1, P. Perozzi1, S. De Vita1, M. Balestrieri2
1University of Udine, Psychiatry, Udine, Italy
2University of Udine, Rheumatology, Udine, Italy
115. Psycho-educational support in patients undergoing bariatric surgery: a research project
R. Ciano1, C. Barbagallo1, E. Biasin, C. Taboga2, A. Cinque1, M. Meduri1, J. Pellizzari1, P. Perozzi1, F. Canzian1, M. Balestrieri1
1University of Udine, Psychiatry, Udine, Italy
2Santa Maria della Misericordia Hospital, Division of Medicine, Udine, Italy

116. Experiences with chat communication in maintenance treatment for patients with bulimic symptomatology
Á. Mezei, H. Güleç, E. Kohls, F. Túry
Semmelweis University, Department of Behavioural Sciences, Budapest, Hungary

117. A new self model for addiction treatment in consultation-liaison
K. Garber1, S. Giacomuzzi2
1Free University of Bolzano, Psychology, Bolzano, Italy
2University Hospital Innsbruck, Psychology, Innsbruck, Austria

118. Treatment efficacy of a Danish treatment manual on group CBT for health anxiety
M. Skjernov, N. Lyhne Traarup Andersen
Copenhagen University Hospital, C-L Psychiatry Unit, Department of Psychiatry, Copenhagen, Denmark

119. Study protocol: the effectiveness of an educational video following acute whiplash trauma – a randomized controlled trial
M. Pedersen, L. Frostholm, F. Pinks, E. Ørnbøl
Aarhus University Hospital, Research Clinic for Functional Disorders and Psychosomatics, Aarhus, Denmark

120. Efficacy of metacognitive therapy in reducing thoughts fusion in outpatients with body dysmorphic disorder
A. Salahian, M. Rabiei, Kh. Ghasemi
University of Isfahan, Psychology, Isfahan, Iran

121. Older patients' long-term outcome after inpatient psychotherapy
G. Schneider, M. Tiemann, G. Heuft
University of Münster, Department of Psychosomatics and Psychotherapy, Münster, Germany

17.00-18.30 EACLPP Working Groups
Workgroup I. - C-L psychiatry in primary care
Chair: TBA
Hári room

Workgroup II. - MUS, Somatisation and Bodily Distress—Developing Better Clinical Services
We have the book—how can we best use it to change clinical practice?
Chair: Francis Creed, Per Fink
Beznák room

18.00-19.30 EACLPP Working Groups
Workgroup III. - Child and adolescent CL psychiatry
Chair: Peter Hindley
Seminar room 1-2

Workgroup IV. - Procedural guidelines in consultation psychiatry
Chair: Albert Leentjens, Albert Diefenbacher
Seminar room 4-5

Workgroup V. - International perspectives of training in C-L
Chair: Barbara Stein, Maria Kopp, Wolfgang Söllner
Békésy room

The state of psychosomatic medicine education in psychiatry residency training programs within the United States
T. Heinrich1, A. Schwartz3
1Medical College of Wisconsin, Department of Psychiatry and Behavioural Medicine, Milwaukee, United States
3Emory University School of Medicine, Psychiatry, Atlanta, United States

Revamping a curriculum: benefits for students and staff
J. Hunter
Mount Sinai Hospital, Department of Psychiatry, Toronto, Canada

Did European guidelines on training in consultation-liaison psychiatry and psychosomatics contribute to reduce diversities in training throughout Europe?
W. Söllner1, J. Rymaszewskia2, B. Stein3
1General Hospital of Nuremberg, Psychosomatic Medicine and Psychotherapy, Nuremberg, Germany
2Wroclaw Medical University, Research Unit of Consultation-Liaison Psychiatry, Wroclaw, Poland
3General Hospital of Nuremberg, Psychosomatic Medicine and Psychotherapy, Nuremberg, Germany

Evaluation of a German curriculum for consultation-liaison service in psychosomatics, psychiatry and psychology: 3 years of experience
B. Stein, W. Söllner, K. Weinert, K. Fritzsche, A. Larisch
General Hospital of Nuremberg, Psychosomatic Medicine and Psychotherapy, Nuremberg, Germany

Professionalism in psychosomatic medicine: keeping trainees on track in the digital age
A. Schwartz2, T. Heinrich2
2Emory University School of Medicine, Department of Psychiatry and Behavioural Medicine, Atlanta, United States

17.00-18.30 Same case – different views
Chair: Silvia Ferrari
Hevesy room

Presenters: S. Ferrari, A. Diefenbacher, R. Burian, I. Taricone

20.00-22.00 Conference Dinner (Boat tour on Danube)
Saturday, 2 July, 2011

09.00-10.30 Plenary Session III
Szent-Györgyi room
Chair: Per Fink, Antonio Lobo

Treating depression and pain - practical findings from clinical trials
K. Kroenke
Indiana University, Indianapolis, United States

How the attachment system contributes to C-L psychiatry and psychosomatics
J. Hunter
Mount Sinai Hospital, Department of Psychiatry, Toronto, Canada

10.30-11.00 Coffee Break

11.00-12.30 Parallel Sessions D (1-5)

1. Cultural aspects of C-L psychiatry and psychosomatic medicine
Hevesy room
Chair: Albert Diefenbacher, Ilaria Tarricone

Culturally competent treatment of depression: an example from Manchester
N. Chaudhry1, M. Husain1, I.B. Chaudhry1, N. Husain1
1University of Manchester, Department of Psychiatry and Behavioral Medicine, Manchester, United Kingdom
2Lancashire Care NHS Foundation Trust, Preston, United Kingdom

C-L-aspects of self harm in migrants in an A&E in a general hospital in Germany
R. Burian, A. Diefenbacher
Evangelisches Krankenhaus, Department of Psychiatry, Psychotherapy and Psychosomatics, Berlin, Germany

Culturally adapted manual assisted problem solving training (C-MAPS) for prevention of self harm: an RCT from a low income country
N. Husain1, H. Fayyaz2, N. Chaudhry3, S. Afsar1, M. Husain1, R. Rahman1, M. Hamirani3, R. Memeoni4, I.B. Chaudhry1, F. Naeem1
1University of Manchester, Department of Psychiatry and Behavioural Medicine, Manchester, United Kingdom
2Pakistan Institute of Learning and Living, Department of Psychiatry and Behavioural Medicine, Karachi, Pakistan
3Dow University of Health Sciences, Medicine, Karachi, Pakistan
4Lancashire Care NHS Foundation Trust, Adult Psychiatry, Preston, United Kingdom

2. Psychosomatic aspects of coronary artery disease II.
Békésy room
Chair: Margarita Beresnevaite, Hans-Christian Deter

Specific Incident Post-Myocardial Infarct Depression (SIPMID): a new hypothesis
C. De-La-Cámara1, P. Gracia-García2, A. Campayo3, R. López-Antón4, J. Roy5, J. Santabárbara6, R. Casado1, J. Conejo1, R. Campos1, A. Lobo1
1Hospital Clínico Universitario de Zaragoza, Department of Psychiatry, Zaragoza, Spain
2Sant Bellvitge Universitari, Psychiatry, Barcelona, Spain
3Hospital Clínico Universitario de Zaragoza, CIBERSAM, Zaragoza, Spain
4Hospital Clínico Universitario de Zaragoza, Department of Cardiology, Zaragoza, Spain
5Hospital Gregorio Marañón, Department of Psychiatry, Madrid, Spain

The influence of depression, anti-depressant medication on mortality in a sample of Portuguese heart failure patients, a 1-year follow-up
M. Bento1, C. Fonseca1, F. Marques1,2, I. Araujo1,2, A. Leitao1, F. Ceia1, A. Pedro1, R. Gusmão2
1New University of Lisbon, Internal Medicine, Lisbon, Portugal
2Hospital Sao Francisco de Xavier, Lisbon, Portugal
3Institut for Psychology, Department of Psychology, Lisbon, Portugal
4New University of Lisbon, C-L Psychiatry Unit, Dept. of Psychiatry, Lisbon, Portugal

High sensitivity C reactive protein in women with coronary artery disease and associations with depression
C. Weber1, K. Orth-Gomér1, H.C. Deter2
1Charité University Medical Center, 4th Department of Internal Medicine, Berlin, Germany
2Karolinska Institutet, Neuroscience, Stockholm, Sweden

Long-term cognitive-behavior therapy improves autonomic heart rate control in patients after cardiac surgery
M. Beresnevaite1, R. Benetis2, S. Rasinskie1, A. Starkus2
1Lithuanian University of Health Sciences, Institute of Cardiology, Kaunas, Lithuania
2Kaunas Vytautas Magnus University, Institute of Cardiology, Kaunas, Lithuania
3Lithuanian University of Health Sciences, Institute of Psychophysiology and Rehabilitation, Palanga, Lithuania

Common mental disorders in migrants in primary care services: an emerging issue for CLP
I. Tarricone1, F. Ferrar2, M. Marseglia1, M. De Gregorio1, M. Braca2, M. Morri1, G. Carchia1, M. Menchetti1, M. Rigatelli1, D. Berardi1
1University of Bologna, Institute of Psychiatry, Bologna, Italy
2Modena and Reggio Emilia University, Department of Mental Health, Modena, Italy

Psychosocial well-being of Latin American inpatients in a general hospital
Val d’Hebron University Hospital, Department of Psychiatry, Barcelona, Spain
3. Psychiatric and psychosomatic aspects in children and adolescents

Seminar room 1-2

Chair: Peter Hindley, Finbar O’Callaghan

A new tool for detecting depression in children and adolescents

A. Shahid1,2,3,4, D. Zalai1,4,5, N. Hossain1,4,5, C. Shapiro1,2,3,4,5
1Youthdale Child and Adolescent Sleep Clinic, Center for Child and Adolescent Psychiatry, Toronto, Canada
2Youthdale Treatment Center, Center for Child and Adolescent Psychiatry, Toronto, Canada
3University of Toronto, Department of Psychiatry, Toronto, Canada
4University Health Network, Psychiatry Department, Toronto, Canada
5Sleep Research Unit, Department of Psychiatry, Toronto, Canada

What policy measures could effectively prevent cannabis-caused psychosis in adolescents?

G. Shapiro
University of Toronto, 2nd Department of Psychiatry, Toronto, Canada

Short-term and long-term effects of the Psy-Med Unit (PMU) – a unique integrated approach for children with invalidating functional complaints

A. Knottnerus1, Y. Jagt1, A. Cohen1, E. Kohnhorst1, M. Strijbos1, B. Derkx1
1Emma Children’s Hospital AMC, Behavioral Pediatrics, Amsterdam, The Netherlands
2Bascule Child and Adolescent Psychiatry, Center for Child and Adolescent Psychiatry, Amsterdam, The Netherlands

The behavioural, psychiatric and cognitive aspects of Tuberous Sclerosis Complex

F. O’Callaghan
University of Bristol, School of Clinical Sciences, Bristol, United Kingdom

4. Fatigue and sleep disorders

Hári room

Chair: Peter White, Jane Hicks

The treatment of fatigue in the medical conditions: what behavioral and cognitive therapy may offer?

D. Zalai
University Health Network, Toronto, Canada

Have I given my patient a sleep disorder?

J. Hicks
Southmead Hospital, Dept of Psychiatry, Bristol, United Kingdom

Obstructive sleep apnea and poor response to sertraline in patients with coronary heart disease

A. Roest1, R. Carney2, Ph. Stein2, K. Freedland3, H. Meyer2, B. Steinmeyer2, P. De Jonge1,2, E. Rubin2
1Tilburg University, CoRPS, Tilburg, The Netherlands
2Washington University School of Medicine, Dept. of Psychiatry and Internal Medicine, St. Louis, United States
3University of Groningen, Department of Psychiatry, Groningen, The Netherlands

Peeking into the mind of disturbed adolescents: the utility of PSG studies in an inpatient psychiatric unit

A. Shahid1,2,3,4, A. Khairandish1,3, B. Gladanac1, C. Shapiro1,2,3,4
1Youthdale Child and Adolescent Sleep Clinic, Child and Adolescent Psychiatry, Toronto, Canada
2Youthdale Treatment Center, Child and Adolescent Psychiatry, Toronto, Canada
3University of Toronto, Department of Psychiatry, Toronto, Canada
4University Health Network, Psychiatry, Toronto, Canada

5. The C-L psychiatrist or psychosomaticist as a teacher

Beznák room

Chair: Monika Keller, Annette Boenink

Is communication skills training effective? Cancer physicians’ perspective

M. Keller, F. Langendoerfer, J. Zwingmann
University Hospital Heidelberg, Department of Psychosomatic Medicine and Psychotherapy, Heidelberg, Germany

A minimal training session on therapeutic alliance tailored for general practitioners can improve glycaemic control at six-month follow-up in Type 2 diabetic patients

S. Consoli1,2, C. Lemogne1,2, P. Passa1, M. Ferrière4, M. Tramoni5
1European Georges Pompidou Hospital, C-L Psychiatry Unit, Paris, France
2Paris Descartes University of Medicine, C-L Psychiatry Unit, Paris, France
3Saint Louis Hospital, Diabetology, Paris, France
4Arnaud de Villeneuve Hospital, Cardiology, Montpellier, France
5Laboratoires Servier, Diabetology, Neuilly sur Seine, France

Professionalizing general hospital nurses with respect to depression and suicide prevention

C. Schalenbourg1, G. Scheerder1, I. De Coster2, Ch. Van Audenhove2
1Catholic University College of Limburg, Department of Nursing, Limburg, Belgium
2Catholic University of Louvain, LUCAS, Louvain, Belgium

Teaching psychosomatic medicine at the Medical Faculty of Szeged: holistic approach and „healing teams”

M. Keresztes1, K. Barabás1
1University of Szeged, Medical Faculty, Department of Biochemistry, Szeged, Hungary
2University of Szeged, Medical Faculty, Department of Behavioural Sciences, Szeged, Hungary

12.30-13.30 Countrywise Presentations: C-L psychiatry and psychosomatic medicine in Central and Eastern Europe

Zsent-Györgyi room

Chair: Albert Leentjens
3. to be announced • 4. Hungary: M. Novak, G. Gazdag, M.S. Kopp

13.30-14.00 Closing ceremony

Zsent-Györgyi room
(best poster presentation awards, closing remarks, preview of Aarhus (DK) 2012 Conference)

Chair: Wolfgang Söllner, Marta Novak, Per Fink
