EACLPP Annual Scientific Meeting

The Budapest Conference was a great success and I would like to thank all EACLPP members and guest who participated in this year’s annual meeting! 270 participants from 33 countries gathered in the Centre of Theoretical Medicine at the Semmelweis University in Budapest, Hungary to discuss Interventions in Consultation-Liaison Psychiatry and Psychosomatic Medicine. A big thank you to the local organizing committee (especially Márta Novák).

During the closing ceremony of the Budapest conference, EACLPP awarded two young researches for their excellent posters. The Best Poster Award 2011 was given to Pia Koudouovoh-Tripp from the University Hospital Innsbruck, Austria, for her poster on *The influence of acute physical and chronic mental stress on platelet bioactivity*, and to Ambar Tabassum from the University of Manchester, UK, for her poster on *Beliefs about depression among British Pakistani women*. Congratulations!

Presentations from the Budapest Conference can be downloaded on the new EACLPP website.

I like to use this letter to also invite you to the next EACLPP-ECPR conference Towards a New Agenda: Cross-disciplinary Approach to Psychosomatic Medicine which will be held in Aarhus, Denmark in 2012. The conference takes place 27 - 30 June 2012 at the Aarhus University Campus, Aarhus, Denmark. Safe the date and join me in Aarhus next year! You find more information on the EACLPP website (www.eaclpp.org and www.eaclpp-ecpr2012.dk)!
